

# DYNAMIS

INNOVATIVE SOLUTIONS FOR A SAFER WORLD

# OASIS+

The One Acquisition Solution for Integrated Services Plus (OASIS+) vehicle is one of the U.S. Government's largest and most valuable Best-in-Class (BIC), Multiple Award, Indefinite-Delivery, Indefinite-Quantity (MA-IDIQ) contracts built for the next generation of professional services solutions.

As an OASIS+ awardee, Dynamis is a GSA-certified and validated professional services firm that can meet the needs of your program. OASIS+ allows Dynamis to provide **Management and Advisory Services (Small Business and Unrestricted)** and **Intelligence Services (Small Business)** to meet the government's mission and professional services requirements.

## Dynamis Awarded Domains

Dynamis specializes in two OASIS+ domains: Management and Advisory and Intelligence Services.

### Management and Advisory Domain (SB & UNR)

Dynamis' management and advisory capabilities include a full range of professional services that can improve an agency's performance and mission success. Core capabilities include organizational and leadership development, change management, business process improvement, project management, strategy and planning, risk management, and compliance support.

### Intelligence Services Domain (SB)

Dynamis performs a range of intelligence services including data analytics, open-source analysis, lead development, and investigative support services for counterproliferation, intellectual property, supply chain, terrorism, and transnational criminal investigations.

## GSA eBuy Procurement Tool

GSA eBuy provides ordering contracting officers and industry partners a centralized portal with real-time, automated responses when solicitations are issued, increasing acquisition efficiency and transparency.

In addition, GSA eBuy serves as the task order solicitation tool for government acquisition programs, and further provides program and contract management tools that mitigate risk by streamlining management and oversight.

### Dynamis OASIS+ Small Business Contract

- #47QRCA25DS004
- Ordering Period: Dec 19, 2024 – Dec 18, 2029 (plus five-year option through 2034)

### Dynamis OASIS+ Unrestricted Contract

- #47QRCA25DU109
- Ordering Period: Dec 17, 2024 – Dec 16, 2029 (plus five-year option through 2034)

## Value to Customers

OASIS+ is the successor to the OASIS program and introduces more flexibility to meet federal customers' complex requirements through the following features:

- GSA eBuy as a centralized portal that increases acquisition efficiency and transparency
- Industrial base of highly qualified contractors
- GSA-certified and validated vendors
- No contract ceiling or cap on awards
- No protests under \$10M and/or Fixed CAF Rate of 0.15%
- Increased small business opportunities
- Flexible/expandable domain-based structure
- Assisted acquisition services to customers

## Best-in-Class (BIC) Vehicle

OASIS+ will enable federal customers to acquire innovative solutions from highly qualified businesses on a contract vehicle designed to be Best-in-Class (BIC); a government-wide designation that satisfied key criteria defined by the Office of Management and Budget which allows sellers to offer an expanded variety of services.

Best-in-Class solutions are vetted, well-managed, and in some cases, required for use. Using recommended buying channels like BIC solutions helps increase spend under management, leading to more robust government-wide buying data and better buying practices.

The GSA OASIS+ Buyers' Guide can help make your next acquisition a smooth and streamlined process. You can access it at: [www.gsa.gov/oasis-plus/buyers-guide/](http://www.gsa.gov/oasis-plus/buyers-guide/).
